To whom it may concern,

I wish to be apart of any crative lead role that is currently being advertised.
Please find enclosed my Resume for your consideration.

As you can see from my attached Resume, I have over 5 years experience in the social media marketing/ and music industry, and I believe the knowledge and skills built up during this time make me a perfect candidate for the role.

I am a new undergraduate and hope to find industry experience. In most ventures I have been responsible for the creative, marketing and execution of a project. At this point in my career I would like to embrace a role that is structured around a team effort. My best traits as a individual is being open minded, reliant, dedicated and hard working to the exception of quality.

Through the Youtube platform I have been able to experience dreams that I never thought would have come true, and because of it I would like to be apart of a system that will allow further generations to have if not similar than advantageous to mines.

Thank you,

Sincerely,

Antonio Sanchez
